
MacOS: Anaconda Installation

Step by Step

Step 1: Anaconda's install page - choose the 64-bit GUI option

The screenshot shows the Anaconda website's 'Getting Started' page. The browser's address bar displays 'anaconda.com/products/individual/get-started'. The website's navigation bar includes links for 'Products', 'Pricing', 'Solutions', 'Resources', 'Blog', and 'Company', along with a 'Get Started' button. The main content area features a large 'Welcome to Anaconda!' heading and a section titled 'Getting Started' with the text 'Welcome to Anaconda!'. Below this, it says 'Here are some important resources to help you get started.' and 'Create your free Anaconda Cloud today to get access to a package management service that makes it easy to find, access, store, and share public notebooks, environments, and...'. On the right, there are two cards: 'Individual Edition Tutorial' with a 'Watch Tutorial' link, and 'Quick Start Guide'. A dark blue cookie banner at the bottom states 'This website uses cookies to ensure you get the best experience on our website. Privacy Policy' with an 'Accept' button. At the very bottom, a download bar shows a file named 'Anaconda3-20... .pkg' with a size of '96.9/462 MB' and '58 secs left'. A red arrow points from the 'Privacy Policy' link in the cookie banner to the download bar.
